

Confined Space Rescue Operations (16 hours)

Pre-Requisites: Age 18 and up, Confined Space Rescue Awareness (3 hrs), Rope Rescue Awareness (3 hrs)

PA DOH EMS Con-Ed: 9.5 hrs (2.0 clinical)

Maximum Students: 12

This class teaches fundamental confined space rescue principles and skills. Students will become educated on OSHA regulations, NFPA standards, confined space hazards, medical treatment in confined spaces, roles and responsibilities, and rescue techniques. Students will also develop proficiency performing atmospheric monitoring utilizing their department's gas detection equipment. Hands-on evolutions in simulated confined spaces will incorporate both horizontal and vertical rescue techniques. This class is designed for emergency services agencies and will not satisfy all the needs of industrial rescue services.
