

Technical Rescue Awareness for EMS Leaders (3.5 hours)

Pre-Requisites: Age 18 and up

PA DOH EMS Con-Ed: 3.5 hrs

Maximum Students: 30

Are your EMS providers trained to recognize the hazards associated with technical rescue incidents? This course will introduce EMS leaders to national standards and regulations pertaining to awareness level response and explain some of the specific hazards that will be encountered on the scene of these challenging incidents. This course is not a complete awareness level program for each type of technical rescue scenario, but instead serves as a solid overview of the major hazards EMS providers will encounter at these incidents.
