

## **Rope Rescue Operations – Low Angle (16 hours)**

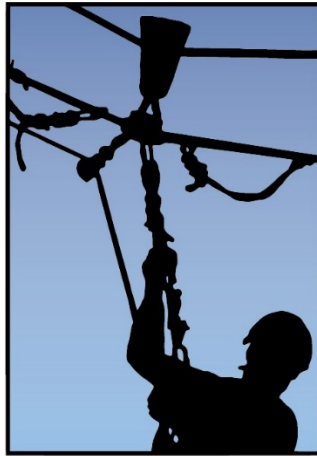

Pre-Requisites: Age 18 and up

PA DOH EMS Con-Ed: 10.0 hrs (2.25 clinical)

Maximum Students: 12

This class teaches the fundamentals of rope rescue at the operations level. Students will learn about rope characteristics, hardware used in rigging, knots, anchors, belays, mechanical advantage systems, and patient packaging techniques in stokes baskets and Sked stretchers. Students will utilize these skills in low angle scenario-based evolutions. The skills learned in this class are truly the “bread and butter” of rope rescue.
