

Structural Collapse Rescue Awareness (3 hours)

Pre-Requisites: Age 18 and up

PA DOH EMS Con-Ed: 2.5 hrs (1.0 clinical)

Maximum Students: 30

This class teaches emergency responders how to perform a size-up of structural collapse incidents, so a safe and effective initial response can be implemented. Students will implement scene management strategies and learn how to recognize and mitigate hazards associated with structural collapses. Students will discuss basic building construction, collapse types, hailing techniques, search team markings, and more. Students will also be introduced to specialized equipment used in structural collapse rescue.
