

Emergency Medical Response (48 hours)

Pre-Requisites: Age 18 and up

Certification: ASHI Emergency Medical Response certification (2 years)

Maximum Students: 24

Emergency Medical Response provides the highest level of medical training for non-EMS certified professional rescuers. Topics include medical terminology, human anatomy, lifting and moving, oxygen therapy, caring for medical and traumatic injuries, pediatric emergencies, and more. BLS for the Professional Rescuer (CPR/AED) certification is included in the course. Students successfully completing the Emergency Medical Response course may be eligible to sit for PA DOH Emergency Medical Responder testing. The program also meets emergency medical pre-requisites for ProBoard certification exams based on NFPA 1006.
